New Product Introduction

The Full-Size .40 S&W's That Let You Lighten Up

Introducing the New Smith & Wesson Models 4003 and 4004

If you prefer a full-size pistol but need light weight for carry comfort or ease of handling, you'll want to take a close look at the new Model 4003 and Model 4004 from Smith & Wesson. Full-size with full 11-round magazine capacity, these new .40's weigh only a surprising 28 ounces.

They feature aluminum alloy frames, stainless or carbon steel slides, and your choice of blue (4004) or stainless (4003) finish. Both models are equipped with Novak LoMount Carry rear sights, and both offer S&W's consistently smooth traditional double action and all our safety systems. Look for the all new lightweight 4003 and 4004 at your Smith & Wesson dealer in August, 1991.
